Jun. 2008 – Mar. 2014	Primary
	Divisoria Elementary School

WORKS AND EXPERIENCE

PROJECTS

❖ **DICT Geotagging System**

Full-Stack Developer

2024

- Is a digital platform that maps and details the Department of Information and Communications Technology (DICT) projects across Region IX and BASULTA. It allows users to locate and view specific projects, providing detailed information and photos for each site. This enhances transparency and helps stakeholders track the distribution and progress of DICT initiatives in these regions.

[PHP Laravel, HTML, CSS, JavaScript, Ajax]

❖ **WMSU Registrar Archiving and Document Management System**

Back-End Developer

2023

- Is a dynamic digital solution designed for archiving student files at Western Mindanao State University. This system converts physical documents into digital blobs, streamlining file storage and retrieval. It features customizable options for file categorization and maintains a detailed annual log of archives created by users, enhancing both efficiency and traceability in document management.

[Vanilla PHP, HTML, CSS, JavaScript, Ajax]

❖ **RGX Ecommerce**

Full-Stack Developer

2023

- Is a project developed as a requirement for an IT Elective subject. It functions as a typical ecommerce platform where users can browse products, add items to their cart, place orders, and track their order status. This system provides a practical application of ecommerce fundamentals within an educational setting.

[Vanilla PHP, HTML, CSS, JavaScript, Ajax]

❖ **Movie Ticket Reservation using Django**

Full-Stack Developer

2022

- is my inaugural project using Python's Django framework. This typical reservation platform allows users to select and book tickets for movies, with listings that update to showcase new and upcoming releases. Designed as my first system creation task, it leverages Django to manage dynamic content and user interactions efficiently.

[Python Django, HTML, CSS, JavaScript]

EXPERIENCE

❖ **Department of Information and Communications Technology RIX & Basulta**

On-the-Job Training
2024

WORKING SKILLS AND EXPERTISE

Tools and Technologies

Programming Language Proficiency				
Fundamental Awareness (Basic Knowledge)	Novice (Limited Experience)	Intermediate (Practice Application)	Advanced (Applied Theory, Project Development)	Expert (Recognized Authority)
C++		Python	Bootstrap, CSS, HTML5, Django	PHP, SQL, Laravel

Seminars and Workshop

- **INTRODUCTION TO UI/UX DESIGN**

CONTROL NO.: R9BST-2022-W022-0778

DICT Region 9, June 9, 2022.

SKILLS
